ACHIEVEMENTS

• COMPOSE CAMP FACILITATOR

In this camp I taught student about Kotlin & jetpack Compose

• Google cloud Ready Program

Completed Ultimate milestone also get familiar with cloud

PROJECTS

Bookmyshow

I've made a really minimal and clean UI of the app using flutter and integrated it with JSON in the app.

BMI Calculator

I've built a app where you can calculate the BMI of a person by adjusting the values inside the app.

Also You can check my other project on my Portfolio in Project section
